Airgain:

Airgain's innovative antenna systems enable high performance wireless networking across a broad range of technologies, including 5G (sub 6GHz, mmWave, CBRS, LAA), Wi-Fi 4/5/6 (802.11 n/ac/ax), Cellular LTE, LPWAN, GNSS/GPS, Bluetooth, ZigBee, Z-Wave, and more.

www.airgain.com

CapXon:

CapXon is a manufacturer of aluminum electrolytic, conductive polymer and hybrid electrolytic capacitors as well etched and formed aluminum foil.

www.capxongroup.com

Cernex:

Cernex is manufacturer of RF, Microwave, Millimeter-Wave Components and Sub-Systems up to 170GHz

www.cernex.com

ConductRF:

ConductRF provides a broad array of RF Cable Assembly and Connector Solutions. RF Cables include High Frequency options up to 110GHz. With two independent ranges of RF Connectors covering commercial solutions including SMA, N, TNC etc and precision solutions including 3.5mm, 2.92mm and more. Custom solutions are available by request along with technical design support.

www.conductrf.com

Environmental Stress Systems:

We manufacture high precision standard products covering a wide range of thermally conductive and convective environmental stress screening applications for Microwave, Aerospace, Telecommunications, Military and Automotive components. These are hot/cold plates, space simulation thermal chambers, thermoelectric module systems and cascade condensing units.

www.essproducts.com

IEC:

Electronic Manufacturing Solutions for Life-Saving and Mission Critical Products. Serving the Medical, Aerospace & Defense, and Industrial markets with Electronics Manufacturing, Precision Metalworking, and Interconnect Solutions. We deliver technical solutions incorporating on-site analytical testing laboratories, and custom designed test engineering services.

www.iec-electronics.com

Innovative Power Products:

Couplers, combiners, resistors, terminations, and custom power products.

Passive Plus Inc:

A manufacturer of high-performance RF/Microwave passive components, serving the Medical, Semiconductor, Military, Broadcast and Telecommunications Industries. PPI specializes in High-Q / High Power, Low ESR /ESL Capacitors; Non-Magnetic Capacitors

www.passiveplus.com

Reactel:

RF and Microwave Filters, Dplexers and Sub-Assemblies from DC to 50GHz. We offer tubular, LC, cavity, and waveguide designs, as well as state of the art high performance Suspended Substrate models.

www.reactel.com

RFE:

RFE supplies Cutting-Edge and Legacy RF/MW Modules, Synthesizers, Up and Down Converters, Frequency Multipliers, Build to Spec Microwave/mmW Integrated Modules, Microwave/mmW Design Services, Custom / Specialty RF Assemblies, and Build-to-Print/Contract Manufacturing services

www.rfe-mw.com

Steatite Antenna:

Research, design & manufacture of Commercial-off-the-Shelf (COTS) & custom designed microwave antennas, subsystems and associated microwave components". Horn antennas, Omni-directional antennas, Sinuous antennas, Spiral antennas, Reflector antennas, Spinning DF antennas

www.qparusa.com

Sumida:

Power Inductors, RF Inductors, Power Transformers, Signal Magnetics, EMC Coils, Wireless Charging Coils, RFID Antennas and Tags, Sensors & Actuators, Point of Load Power Conversion Modules, Custom Magnetic Assemblies. ISO9001, ISO14001, TS16949 certified.

www.sumida.com

Synergy Microwave:

Synergy Microwave manufactures low noise frequency sources including VCO's, DRO's, OCO's, Saw Oscillators, and Synthesizers; and signal processing components including Mixers, Hybrids, Couplers, for Commercial and Military Communications.

www.synergymw.com

TXC Corporation:

TXC is a world leader in manufacturing of Crystal & Oscillators for Consumer, Industrial, Server & Storage, Networking, Telecom and Automotive applications. Products include XTAL, XO, VCXO, TCXO, OCXO.
