

WLM Components

Manufacturer's Representative

978.390.5545 // 165 Berkeley Road, North Andover, MA

billmorin@wlmcomponents.com

New England

Airgain:

Airgain's innovative antenna systems enable high performance wireless networking across a broad range of technologies, including 5G (sub 6GHz, mmWave, CBRS, LAA), Wi-Fi 4/5/6 (802.11 n/ac/ax), Cellular LTE, LPWAN, GNSS/GPS, Bluetooth, ZigBee, Z-Wave, and more.

www.airgain.com

CapXon:

CapXon is a manufacturer of aluminum electrolytic, conductive polymer and hybrid electrolytic capacitors as well etched and formed aluminum foil.

www.capxongroup.com

ConductRF:

ConductRF provides a broad array of RF Cable Assembly and Connector Solutions. RF Cables include High Frequency options up to 110GHz. With two independent ranges of RF Connectors covering commercial solutions including SMA, N, TNC etc and precision solutions including 3.5mm, 2.92mm and more. Custom solutions are available by request along with technical design support.

www.conductrf.com

CTT:

CTT is a manufacturer of High Frequency Power Amplifiers (GaAs/GaN), low-noise amplifiers (LNA's), frequency multipliers, transmitters, transceivers and receivers within the frequency spectrum of 10 MHz to 50 GHz.

www.cttinc.com

Innovative Power Products:

Innovative Power Products designs and manufactures High Power 90 Degree Couplers, Directional Couplers, Dividers /Combiners, Resistors, Terminations, Baluns, Attenuators, and Custom Broadband Products for the RF and Microwave industries.

www.innovativepp.com

Passive Plus Inc:

A manufacturer of high-performance RF/Microwave passive components, serving the Medical, Semiconductor, Military, Broadcast and Telecommunications Industries. PPI specializes in High-Q / High Power, Low ESR /ESL Capacitors; Non-Magnetic Capacitors

www.passiveplus.com

Polyfet:

Polyfet RF Devices is a manufacturer of broad band RF power transistors and power modules. Our devices consist of Gallium Nitride, LDMOS, and VDMOS technologies processed using state of the art equipment.

Reactel:

RF and Microwave Filters, Diplexers and Sub-Assemblies from DC to 50GHz. We offer tubular, LC, cavity, and waveguide designs, as well as state of the art high performance Suspended Substrate models.

www.reactel.com

RFE:

RFE supplies Cutting-Edge and Legacy RF/MW Modules, Synthesizers, Up and Down Converters, Frequency Multipliers, Build to Spec Microwave/mmW Integrated Modules, Microwave/mmW Design Services, Custom / Specialty RF Assemblies, and Build-to-Print/Contract Manufacturing services

www.rfe-mw.com

Steatite Antenna:

Research, design & manufacture of Commercial-off-the-Shelf (COTS) & custom designed microwave antennas, subsystems and associated microwave components". Horn antennas, Omni-directional antennas, Sinuous antennas, Spiral antennas, Reflector antennas, Spinning DF antennas

www.qparusa.com

Sumida:

Power Inductors, RF Inductors, Power Transformers, Signal Magnetics, EMC Coils, Wireless Charging Coils, RFID Antennas and Tags, Sensors & Actuators, Point of Load Power Conversion Modules, Custom Magnetic Assemblies. ISO9001, ISO14001, TS16949 certified.

www.sumida.com

Synergy Microwave:

Synergy Microwave manufactures low noise frequency sources including VCO's, DRO's, OCXO's, Saw Oscillators, and Synthesizers; and signal processing components including Mixers, Hybrids, Couplers, for Commercial and Military Communications.

www.synergymw.com

TXC Corporation:

TXC is a world leader in manufacturing of Crystal & Oscillators for Consumer, Industrial, Server & Storage, Networking, Telecom and Automotive applications. Products include XTAL, XO, VCXO, TCXO, OCXO.
