New York

Cernex: www.cernex.com

Cernex is manufacturer of RF, Microwave, Millimeter-Wave Components and Sub-Systems up to 170GHz

ConductRF: www.conductrf.com

ConductRF provides a broad array of RF Cable Assembly and Connector Solutions. RF Cables include High Frequency options up to 110GHz. With two independent ranges of RF Connectors covering commercial solutions including SMA, N, TNC etc and precision solutions including 3.5mm, 2.92mm and more. Custom solutions are available by request along with technical design support.

EliteRF: www.eliterflc.com

EliteRF designs and manufactures power amplifiers from 1MHz to 18GHz in power levels from 1 watt to 200K watts. EliteRF's designers come out of Motorola and have close to two hundred years of power amplifier design experience and are at the cutting edge of today's technology with an eye towards the future.

Environmental Stress Systems: www.essproducts.com

We manufacture high precision standard products covering a wide range of thermally conductive and convective environmental stress screening applications for Microwave, Aerospace, Telecommunications, Military and Automotive components. These are hot/cold plates, space simulation thermal chambers, thermoelectric module systems and cascade condensing units.

WLM Components

Manufacturer's Representative

New York

Innovative Power Products: www.innovativepp.com

Couplers, combiners, resistors, terminations, and custom power products.

Polyfet: www.polyfet.com

Polyfet RF Devices is a manufacturer of broad band RF power transistors and power modules. Our devices consist of Gallium Nitride, LDMOS, and VDMOS technologies processed using state of the art equipment.

Reactel: www.reactel.com

RF and Microwave Filters, Diplexers and Sub-Assemblies from DC to 50GHz. We offer tubular, LC, cavity, and waveguide designs, as well as state of the art high performance Suspended Substrate models.

Retronix: www.retronix.com

Retronix provides robotic hot solder dip and reflow, BGA/LGA reball, PCB rework, component recovery of high value or hard to find parts, and counterfeit testing services.

Steatite Antenna: www.qparusa.com

Research, design & manufacture of Commercial-off-the-Shelf (COTS) & custom designed microwave antennas, subsystems and associated microwave components". Horn antennas, Omni-directional antennas, Sinuous antennas, Spiral antennas, Reflector antennas, Spinning DF antennas
